Woodworkers heritage doors faithfully replicate designs pioneered by Woodworkers in 1928. The doors feature strong authentic mouldings and are available with triple glazed leadlight designs reproduced from period originals. Doors wider than 920mm or higher than 2400mm are not covered by Australian standards for distortion.

Not suitable for fully exposed locations

Our Hampton Cross Brace doors are designed to allow conversion to a stable door (or dutch door) if required at the additional cost of \$250

Our Hampshire range recreates regional designs from the Continent and seaboard USA characterized by greater use of glass for light and generous proportions to provide more welcoming entry options. Doors wider than 920mm or higher than 2400mm are not covered by Australian standards for distortion.

enquire if other services are available with your joinery choice.
• locking kits see page 42
• lock morticing to suit

Woodworkers heritage leadlights faithfully match originals from early last century. All leadlights are handmade using traditional techniques and are encased with toughened safety glass. The bevelled series are meticulously hand polished to diffract light and add sparkle to any entry. Our unique wrought iron options are hand forged, zinc plated and powder coated for durability.
